Digital Business
Transformation

**The best way to predict
your future is to create it.**

Build cohesion and inform your employees throughout your intranet. Drive organizational efficiency by sharing common resources and applications on portals. Tell your story with beautiful communication sites. Stay in the know with personalized news in WORKanyPLACE home and the WORKanyPLACE mobile app.

• Inform and engage your people
• Manage, share, and collaborate on content
• Put your intranet in your pocket

By building the core data infrastructure for your environment, MBU is able to deliver quantifiable results on stated business outcomes. Once the proposed solution is fully implemented, you will find the data collected will allow your organization to take the next step, effecting a business transformation that will lead you into the future.

Accelerate productivity by transforming processes—from simple tasks like notifications and approvals to complex operational workflows. With WORKanyPLACE, lists and libraries, Microsoft Flow, and PowerApps, you can create rich digital experiences with forms, workflows, and custom apps for every device.

MyBlue**Umbrella**
optimize · empower · transform

- Gather and manage data and files
- Automate repetitive tasks
- Connect to and integrate data sources and services
- Achieve cost minimization, greater efficiency, and streamlined processes
- Replace manual and paper-based processes and repetitive tasks with highly configurable digital workflows, automated document generation, and real-time visibility and analytics of business processes
- Metric Visibility, improve accountability, transparency and enable accurate data recording
- Provide multiple approval levels for high-governance actions as well as simpler processes
